

Asociación de Vecindados en Tecamatlán, A.C.

2018 Annual General Assembly

Motion to Amend the Constitution

Reason for this Motion:

The Constitution, in place at this time, dates back to the formation of the Asociación in 1999. Since that time, the purpose, objectives and activities of the Asociación have evolved. The Constitution needs to be updated to align more closely with the current By-laws of the Asociación, *Section II – Purpose and Objectives* as well as ensure that the Asociación is in compliance with all current Laws and Regulations.

Mexico has made significant progress with development of regulatory and taxation systems and it is important to ensure full compliance with the Asociación's business activities, especially as it relates to compliance with the rules governing the A.C. (Asociación Civil) non-profit corporate structure.

Motion by Ray Miller, Vice-President; seconded by Bob Esseltine, Water Commissioner.

The Motion is to add to the Objective Section the following: "To deliver water to the Members of this Civil Association and charge fees to cover expenses that may occur.
